

RALLYMAPS SAVING YOU TIME AND MONEY

For nearly 20 years, many competitors have benefited from our specialist maps prepared for all of Britain's major rallies by Rallymaps. Our A3 colour Map Books were introduced almost ten years ago and have been used by most top teams and competitors on leading British events since then, including LE JOG, the Malts, London to Cape Town Classic Reliability Trial and 4x4 Adventure Drive, as well as London to Lisbon Classic Reliability Trial and the Inca Trail. Following feedback from competitors we are sure you will be delighted with the product.

Realistically priced, the book offers outstanding value for money. For the Scottish Malts Reliability Trial, complete route details will be provided within one, easy to use, Map Book. Mapping will be taken from the excellent Ordnance Survey Motoring Atlas of Great Britain at a scale of 1:190,000. Where necessary 1:50,000 mapping and town plans will be used to clarify the exact route.

Consisting of approximately 30 A3 size colour pages, the Map Book will contain full route details, including major controls, tests and regularity routes, although not the location of the intermediate regularity timing points and secret checks. We will even endeavour to show locations of fuel stations. For each overnight halt, a detailed street map will be included showing event hotel locations. Please contact us for further details and sample.

Please note that the map books must be ordered in advance and will only be available for collection when route details are issued on 11th May at Documentation. Maps & atlases may be sent to either a home address or Edinburgh documentation.

Rallymap Book price	£70.00
Laminated Rallymap Book (suitable for open top cars)	£97.00
